The theme of this year's symposium is "Unlocking the Power of Collaboration in Project Management." In today's increasingly complex and interconnected world, collaboration is essential for project success. This symposium will explore the different aspects of collaboration, from building effective teams to managing stakeholder relationships.

The symposium will feature a variety of keynote speakers, breakout sessions, and workshops. Attendees will have the opportunity to learn from and network with some of the world's leading experts in project management.

Keynote Speakers

- **Dr. J. Davidson Frame**, Professor of Project Management, George Washington University
- **Dr. Harold Kerzner**, Professor of Project Management, Drexel University
- **Ms. Jennifer Greene**, Vice President of Project Management, Microsoft

Breakout Sessions

- **The Power of Collaboration in Agile Project Management**
- **Building Effective Teams for Project Success**
- **Managing Stakeholder Relationships in Complex Projects**
- **The Role of Technology in Collaboration**

Workshops

- **Collaborative Project Planning**
- **Effective Communication for Project Teams**
- **Conflict Resolution in Project Management**
