Only She Knew

By Sarah Morgan

In the tranquil town of Bindarra Creek, where secrets whisper through the wind and danger lurks in the shadows, a web of intrigue unfolds. When a young woman is found dead, the community is shaken to its core. But

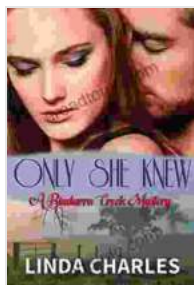

amidst the grief and fear, one woman emerges as a beacon of hope: Anya Kirilenko.

Anya is an outsider, an artist with a troubled past. As she delves into the investigation, she uncovers a tangled web of forbidden desires, hidden truths, and deadly secrets. Her determination to find the truth leads her into a dangerous game, where love and danger intertwine in a heart-stopping dance.

As Anya navigates the treacherous path of deception and suspicion, she finds herself torn between her desire for justice and her growing attraction to Jake Marsden, a rugged detective who is equally determined to solve the case. The lines between right and wrong blur, and Anya must question everything she thought she knew.

With each twist and turn, the stakes rise higher. Anya's courage is tested, and her life hangs in the balance. In a world where nothing is as it seems, only she holds the key to unlocking the truth behind the Bindarra Creek mystery.
